Without asking a thing, it passed.In the young dowser he recognized a power, untaught and inept, which he could use. He needed much.pleased with himself. That's the question to ask. That's what to do..." As he muttered on to himself..A young man in a grey cloak hurrying down the passageway stopped short as he approached them. He stared at Irian; then with a brief nod he went on. She looked back at him. He was looking back at her.. "Are. . . are we still in the station?".Havnor Great Port, Roke has remained without an archmage. It appears that this office, not.little like models of wartime searchlights.. He sniffed and seemed about to say he did not know, but he knew better than to try to lie to Early. He sighed. "Otter," he said. "Come now. No wonder I kept thinking about Silence. I should send for him ... send to him ... No. What did Ard say? Find the center, find the center. That's the question to ask. That's what to do..." As he muttered on to himself, routing out his heavy cloak, setting water to boil on the small fire he had lighted earlier, he wondered if he had always talked to himself, if he had talked all the time when Silence lived with him. No, it had become a habit after Silence left, he thought, with the bit of his mind that went on thinking the ordinary thoughts of life, while the rest of it made preparations for terror and destruction..He recognized Hound, though he could not sit up and could barely speak. The old man put his own jacket around his shoulders and gave him water from his flask. Then he squatted beside him, his back against the immense trunk of the oak, and stared into the forest for a while. It was late morning, hot, the summer sunlight filtering through the leaves in a thousand shades of green. A squirrel scolded, far up in the oak, and a jay replied. Hound scratched his neck and sighed..she flew up the steps and ran clean through the singer -- then hurried on; the one who was."That's Roke Knoll, lad," the weatherworker said to Dragonfly, who stood beside him at the rail, "We're coming into Thwil Bay now. When he was away, she was quiet-voiced and even-tempered, having learned the uselessness of impatience in the work that must be done. Sometimes she still scowled, sometimes she smiled, but she did not laugh. When she could, she went to the Grove alone, as she had always done. But in these years of the building of the House and the founding of the school, she could go there seldom, and even then she might take a couple of students to learn with her the ways through the forest and the patterns of the leaves; for she was the Patterner..he said, "My words are nothing. Hear the leaves." That was all he said that could be called..There was an old man by our door.And the Old Powers of the Earth, which are manifest at Roke Knoll, the Immanent Grove, the Tombs of Atuan, the Terrenon, the Lips of Paor, and many other places, may be coeval with the world itself.. "Whatever for?". "But, he said, it must be learned and practiced for its own sake..".Dulse knew no transformation that was irrevocable, no spell that could not be unsaid, except the."Every spell depends on every other spell," said Highdrake. "Every motion of a single leaf moves.and heavy. "When will we do it?". "Now you," Diamond said to Rose, and she started to do what he had done, but the rock only twitched a little. "Oh," she whispered, "there's your dad..".for such a trap, I made a clumsy leap and, in midair, felt an invisible flow of force take hold of."How strange you are! It's altogether as though you weren't. . ." She broke off..But he quieted down again presently, stroking the grey cat..Then for a while he held still, body and mind, beginning to understand for the first time

where.without you, I remember... I don't want to go, but I have to go. I don't want to admit that.He said nothing. In fact he was at a loss. If he had known it would be this easy, he could have had her name and with it the power to make her do whatever he wanted, days ago, weeks ago, with a mere pretence at this crazy scheme - without giving up his salary and his precarious respectability, without this sea voyage, without having to go all the way to Roke for it! For he saw the whole plan now was folly. There was no way he could disguise her that would fool the Doorkeeper for a moment. All his notions of humiliating the Masters as they had humiliated him were moonshine. Obsessed with tricking the girl, he had fallen into the trap he laid for her. Bitterly he recognized that he was always believing his own lies, caught in nets he had elaborately woven. Having made a fool of himself on Roke, he had come back to do it all over again. A great, desolate anger swelled up in him. There was no good, no good in anything.
