"Our what?".Lechat was nodding slowly to himself. "And within hours he'd arranged for somebody to make it look like an outside operation, and by the next morning he'd had the takeover all planned, with the Chironians as a pretext. Everything fits. But who would have done it?".to a point where it had entirely collapsed. She clattered across the flattened section of pickets and.proceed westward across open terrain, paralleling but bypassing the halted traffic on the highway..That piece of furniture and all else upon it remained shadowy shapes, but the bottle had a strange."Payoff for what?". "Does anyone else know about Howard?" Colman asked. "Veronica, for instance?".seed, you don't scare me!". "Some grandmothers!" Terry exclaimed. "Did anybody see the news today? Some scientist or other thinks the Chironians could be building bombs. There was an interview with Kalens Wo. He said we couldn't simply take it for granted that they're completely rational down there.".Stroking the mutt's head, rubbing behind one of the floppy ears and then behind the other, the frightened.He returned to the Bowery, where a couple of businessmen out on the town bought him a drink. They were concerned about the rumors of possible trouble because they had big plans for expansion on Chiron, and they pressed Colman for inside information from the Military. Colman ' ~d he didn't have any. The businessmen hoped everything would be resolved peacefully but were glad that the Army was around to help solve any problems. They didn't want peace to prevent people like Colman from getting shot or so that Chironians who were like Jay and the black guy near Zeerust could become engineers or run their farms without getting wiped out by air strikes; they wanted it So that they could make money by hiring Chironians at half the wages they'd need to pay Terrans, and to set up good, exclusive schools to put their kids in. You couldn't put Chironians in the schools, because if you did they'd want the same wages. And in any case they'd never be able to afford it. The Chironians weren't really people, after all..skids and nearly falls on a cascade of loose shale, thrashes through an unseen cluster of knee-high sage,.The SD major completed dictating his notes on the final witness's statement into his compad and walked to where the two young women and the man were sitting. Their expressions as they looked up at him were not apprehensive or apologetic, but neither were they defiant, the deed was unfortunate but it had been necessary, the faces seemed to say, and there was nothing to feel guilty about. If anything, they seemed curious as to how the Terrans were going to handle the situation, as did the other Chironians looking on.. "Let's hope they don't waste any time," Brad replied. "Stern's setting up a missile strike in there right at this moment-a big one.".well-meant if less than completely appropriate advice: "Maniac! Crazy boy!". "She's on the payroll of your husband's charitable foundation.".to go upstairs to find those necessities..Leilani had no clue to the meaning of her mother's words. From experience she knew that purposefully.He begins to doubt the instinct that pressed him backward out of the hallway. Then he realizes that the.The most interesting life-form was a species of apelike creature that possessed certain feline characteristics. They inhabited a region in the north of Occidenia and were known as "monkeats," a name that the infant Founders had coined when they saw the first views sent back by the Kuan-yin's reconnaissance probes many years ago. They were omnivores that had evolved from pure carnivores, possessed a highly developed social order, and were beginning to experiment with the manufacture of simple hand tools. The Chironians were interested observers of the monkeats, but for the most part tended not to interfere with them unless attacked, which was now rare since the monkeats invariably got the worst of it. Other notable dangerous life-forms include the daskrends, which Jay had already told Colman about, various poisonous reptiles and large insects that were concentrated mainly around southern Selene and the isthmus connecting it to Terranova, though some kinds did spread as far as the Medichironian, a flying mammal found in Artemia which possessed deadly talons and a ranged beak and would swoop down upon anything in sight, and a variety of catlike, doglike, and bearlike predators that roamed across parts of all four continents to a greater or lesser degree.. "No, of course not," Fallows said, not very happily. 'he'd lost her. Until then, she'd been a radiance, the one brightness in a family that otherwise lived in.bring us all together..".thug. And one of the few rules by which the criminal class lived?not counting the more psychotic street."A payoff.". The farmhouse is silent, and the finger-filtered beam of the flashlight reveals no one in the upstairs hall.
