Evidently, either Frank Sinatra was an enthusiasm that Victoria and the detective shared, or the nurse purchased some of the crooner's records expressly for their dinner engagement..FOR THE BETTER PART of a week, on doctor's orders, Agnes avoided stairs. She took sponge baths in the ground-floor powder room and slept in the parlor, on a sofa bed, with Barty nearby in a bassinet..Everywhere in the fabled city, calves and knees and magnificent expanses of taut thighs were on display. This brought out the dreamy romantic in Junior, and more than ever he yearned desperately for the perfect woman, the ideal lover, the matching half of his incomplete heart..He and the homicide detective had been friends for almost thirty years, since Max had been a uniformed rookie on the SFPD and Vanadium had been a young priest freshly assigned to St. Anselmo's Orphanage here in the city. Before choosing police work, Max had contemplated the priesthood, and perhaps back then he had sensed the cop-to-be in Tom Vanadium..Charmed by the vulnerability of the young, he'd never slept with an older woman. The prospect intrigued him. She would have tricks in her repertoire that younger women were too inexperienced to know..Most of these firearms were loaded and ready for use, but five remained in their original boxes, in the back of her bedroom closet. Evidently, considering the original bill of sale taped to each of the five boxed handguns, she must have acquired all the weapons legally..Junior had no idea who the driver of the Buick might be, but he hated the tall lanky son of a bitch because he figured the guy was humping Celestina, who would never have humped anyone but Junior if she had met him first, because like her sister, like all women, she would find him irresistible. He felt that he had a prior claim on her because of his relationship to the family; he was the father of her sister's bastard boy, after all, which made him their blood by shared--progeny.. "No pie!" Agnes agreed. She parenthesized his head with her hands and punctuated his sweet face with kisses..Not that she ever gave any indication that her brothers were other than a source of pride for her. She treated them always with respect, tenderness, and love-as if unaware of their shortcomings..Fortifying herself with more coffee, Jolene said, "Edom, you were going to tell us how Joey's coping with fatherhood."..Agnes invited everyone to stay for dinner. The pies were no sooner finished than large cook pots, saucepans, colanders, and other heavy artillery were requisitioned from the Lampion culinary arsenal..He was having difficulty focusing his attention on the problem at hand. Through his mind, odd and disconnected thoughts rolled like slow, greasy, eye-of-the-hurricane waves on an ominous sea..He was uncharacteristically restive. His stoic nature, his long learned Jesuit philosophy regarding the acceptance of events as they unfold, and the acquired patience of a homicide detective were insufficient to prevent frustration from taking root in him. In the more than two months since Enoch Cain vanished, following the murder of Reverend White, no trace of the killer had been found. Week by week, the slender sapling of frustration had grown into a tree and then into a forest, until Tom began every morning by looking out through the tightly woven branches of impatience.. "He's crafty, you say. Can you use him?"..Inevitably, man of the arts that he was, his slouching brought him to several galleries. In the window of the fourth, not one of his favorite establishments, he saw an eight-by-ten photograph of Seraphim White..He considered himself to be a thoroughly useless man, taking up space in a world to which he contributed nothing, but he did have a talent for baking. He could take any recipe, even one from a world-class pastry chef, and improve upon it.. "One of the four legs of the tower is dangerously fractured where it's seated into the underlying foundation caisson-"..At the grave, they arrived with red and white roses. Agnes carried the red, and Barty brought the white..In spite of the ravages of illness and age, beauty remained in the old woman's face. Her bone structure was superb. In youth, she must have been stunning..be entombed in one of those memorial walls, well above ground level, where nothing was likely to seep into them..Instead, trying not to let Barty see the depth of her concern, she told him to get his jacket from the front closet, and she got hers, and leaving the buttermilk-raisin pies unfinished, she drove him to the doctor's office, because he was her reason to breathe, the engine of her heart, her hope and joy, her everlasting bond to her lost husband. Dr. Joshua Nunn was only forty-eight, but he had appeared grandfatherly since Agnes had first gone to him as a patient after the death of her father, more than ten years ago. His hair turned pure white before he was thirty. Every day off, he either worked assiduously on his twenty-foot sportfisher, Hippocratic Boat, which he scraped and painted and polished and repaired with his own hands, or pattered around Bright Bay in it, fishing as though the fate of his soul depended on the size of his catch; consequently, he spent so much time in the salt air and sun that his perpetually tan face was well-wizened at the corners of his eyes and as appealingly creased as that of the best of grandfathers. Joshua applied the same diligence to the preservation of a round belly and a second chin that he brought to the maintenance of his boat, and considering his wire-rimmed eyeglasses and bow tie and suspenders and the elbow patches on his jacket, he seemed to have intentionally sculpted his physical appearance to put his patients at ease, as surely as he had selected his wardrobe for the same purpose..LATE TUESDAY AFTERNOON in Bright Beach, as a darker blue and iridescent tide rolled across the sky, seagulls rowed toward their safe harbors, and on the land below, shadows that had been upright at work all day now stretched out, recumbent, preparing for the night..She could have used the chair. Sitting, however, she wouldn't be able to see his face..Tom said, "Now I'm going to add a human touch and a spiritual spin to all this. When each of us comes to a point where he has to make a significant moral decision affecting the development of his character and the lives of others, and each time he makes the less wise choice, that's where I myself believe a new world splits off. When I make an immoral or just a foolish choice, another world is created in which I did the right thing, and in that world, I am redeemed for a while, given a chance to become a better version of the Tom Vanadium who lives on in the other world of the wrong choice. There are so many worlds

with imperfect Tom Vanadiums, but always someplace ... someplace I'm moving steadily toward a state of grace." Agnes had lifted him to this perch. Now she smoothed his hair, straightened his shirt, and retied his loosened shoelaces, finding it even harder than she had expected to say what needed to be said. She thought she might require Dr. Chan's presence, after all..Dr. Walter Lipscomb's fingers were longer and more supple than the pianist's, and he had the presence of a great symphony conductor for whom a raised baton was superfluous, who commanded attention by the mere fact of his entry. A tower of authority and self-possession, he said to the becalmed Neddy, "I am this child's physician. She was born underweight and held in hospital to cure an ear infection. You sound as if you have an incipient case of bronchitis that will manifest in twenty-four hours, and I'm sure you wouldn't want to be responsible for this baby being endangered by viral disease." For eight months following that night, until late September of 1965, Vanadium had been in a coma, and his doctors had not expected him to regain consciousness. A passing motorist had found him lying along the highway near the lake, soaked and muddy. When, after his long sleep, he awakened in the hospital, withered and weak, he'd had no memory of anything after walking into Victoria's kitchen-except a vague, dreamlike recollection of swimming up from a sinking car..I also wanted information on various things that had happened back then, before Ged and Tenar were born. A good deal about Earthsea, about wizards, about Roke Island, about dragons, had begun to puzzle me. In order to understand current events, I needed to do some historical research, to spend some time in the Archives of the Archipelago..Agnes had struggled recently to find a way to explain to Barty that his uncles had lost their hope, to convey also what it meant to live without hope-and somehow to tell the boy all this without burdening him, at such a young age, with the details of what his monstrous grandfather, Agnes's father, had done to her and to her brothers. The task was beyond her abilities. The fact that Barty was a prodigy six times over didn't make his mother's work easier, because in order to understand her, he would require experience and emotional maturity, not just intellect..The blonde was coming on to him, just as a score of other women had done since his arrival, so Junior tried to balance seduction with information gathering. Putting his hand over the hand with which she was gently massaging his thigh, he said, "I knew her brother in Nam. Then I got wounded, shipped out, lost touch. Like to find him."..His in-laws' chances of receiving compensation for their pain and suffering over Naomi's death were seriously compromised if her husband did not hold the state or county responsible. In this, as in nothing previously, they felt the need to stand united as a family..The middle finger on his right hand throbbed under the pair of Band-Aids. He'd sliced it earlier, while using the electric sharpener to prepare his knives, and the wound had been aggravated when he'd had to strangle Neddy Gnathic. He would never have cut himself in the first place if there had been no need to be well-armed and ready for Bartholomew and his guardians..Eventually Agnes came to suspect that for all the pleasure the boy took in math and for all his aptitude with numbers, his greatest gift and his deepest passion lay elsewhere. He was finding his way toward a destiny both more astonishing and stranger than the lives of any of the many prodigies about whom she'd read..When pale light came to her eyes again, she heard the paramedic and the cop talking anxiously as they worked on her, but she couldn't understand their words. They seemed to be speaking not just a foreign tongue but an ancient language unheard on earth for a thousand years..From the devil to the sacred and then beyond, Junior drove north on State Highway 160, which was proudly marked as a scenic route, although in these predawn hours, all lay bleak and black. Following the serpentine course of the Sacramento River, Highway 160 wove past a handful of small, widely separated towns.. "Lock it anyway. And don't hang up. Stay on the line until the patrolmen get there."..Certain disbelief insulated her against immediate surprise. She shook her head. "That's not possible."..For a long time, she stood beside the bed, holding his hand, confident that on some level he was aware of her presence, though he gave no indication whatsoever that he knew she was there..Prosser-fifty-six, a widower, an accountant-had a thirty-year-old daughter, Zelda, who was an attorney in San Francisco. Junior had driven to Terra Linda previously, to research the accountant; he already knew Prosser had no connection to Seraphim's fateful child.."Good heavens, Vinnie, I know that," she assured him as she lifted Barty-hardly bigger than a bag of sugar-from the bassinet. She settled with the baby into a rocking chair..to believe that any man with such a hard gut slung over his belt, with a bull neck..Junior's fear gave way to an appreciation for the irony in this situation. Gradually, he regained the ability to smile, tossed the coin in the air, caught it, and dropped it in his pocket..He found himself looking over his shoulder more than once. By the time he returned to his room, he felt half crushed by anxiety..That last part was true. He just wasn't loose in this world anymore. And in the world to which he'd gone, he would not find easy victims..He felt lightheaded again. But this time he knew why. Not an oncoming case of the flu. He was straining against the cocoon of his life to date, straining to be born in a new and better form. He had been a pupa, encased in a chrysalis of fear and confusion, but now he was an imago, a fully evolved butterfly, because he had used the power of his beautiful rage to improve himself. When Bartholomew was dead, Junior Cain would at last spread his wings and fly..Neddy, dressed for work but overdressed for his own funeral, slumped against the wall, head bowed, chin on his chest. His pale hands were splayed at his sides, as though he were trying to strike chords from the floor tiles..Agnes, who inherited the property, would have welcomed her brothers in the main house. Although both were willing to visit her for an occasional dinner or to sit in rocking chairs on the porch, on a summer night, neither could abide living in that ominous place..Snap, snap, snap! Three more quarters ricocheted off the left side of his face-temple, cheek, jaw..As "It is." From a desk drawer, Nolly withdrew an envelope and put it on top of the offered cash. "I'm returning five hundred of your thousand retainer." He pushed everything back toward Junior..Junior approached the headstone from behind, circled it, and shone the flashlight on the chiseled facts:..Warily, Junior ventured into the gallery to make inquiries. He expected the staff to express utter bafflement at the name Celestina White, expected the poster to have vanished when he returned to the display window..Matching his mother's whisper, taking obvious delight in their conspiracy, he said, "Our own secret society."..Both the red and the white wines were too cheap for Junior's taste' so he drank Dos Equis beer and got two kinds of high by inhaling enough secondhand pot smoke to cure the state of Virginia's entire annual production of hams. Among the two or three hundred partyers, some were tripping on some exhibited the particular excitability and talkativeness typical of cokeheads, but Junior succumbed to none of these temptations. Self-improvement and self control mattered to him; he didn't approve of this degree of self indulgence..So burning with anger was he that his car, by direct thermal transmission from his hands upon the wheel, should have been glowing cherry red in the January night, should have been scorching tunnels of clear dry air through the cold fog. Rancor, virulence, acrimony, vehemence: All words learned for the purpose of self-improvement were useless to him now, because none adequately conveyed the merest minimum of his anger, which swelled as vast and molten as the sun, far more formidable than his assiduously enhanced vocabulary..Celestina was maneuvered aside as the surgical team began resuscitation procedures. Stunned, she backed away from the table until she

encountered a wall. In southern California, as dawn of this new momentous day looms. After his conversation with Magusson, however, Junior realized this fear was irrational. If the detective had miraculously escaped the cold waters of the lake, he would have been in need of emergency medical treatment. He would have staggered or crawled to the county highway in search of help, unaware that Junior had framed him for Victoria's murder, too badly wounded to care about anything but getting medical attention. NOLLY WULFSTAN, private detective, had the teeth of a god and a face so unfortunate that it argued convincingly against the existence of a benign deity.
