has already been ready. Tom Vanadium checked the small wastebasket next to the sink and discovered a wad of bloody Kleenex. The crumpled wrappers from two Band-Aids. Although she had acutely felt the loss of Joey during the past three years, she had never missed him as much as she missed him now. Marriage is an expression of love and respect and trust and faith in the future, but the union of husband and wife is also an alliance against the challenges and tragedies of life, a promise that with me in your corner, you will never stand alone. The missing paintings. The missing collection of Zedd's books. You didn't take these things with you for a weekend in Reno. You took them if you thought you might never be coming back. Tom was aware that something had happened here during the past week, an important development that Celestina mentioned on the phone but that she declined to discuss. He didn't harbor any expectations of what he'd find when she escorted him and Wally into the Lampion dining room, but if he'd tried to imagine the scene awaiting him, he wouldn't have pictured a scene. "Better. Fear doesn't require him even to seduce a woman or to buy a bottle of whiskey. He just needs to open himself to it, and he will be filled like a glass under a faucet. As difficult as this may be to comprehend, Cain would choose to be neck-deep in a bottomless pool of terror, desperately trying to stay afloat, rather than to suffer that unrelieved hollowness. Fear can give shape and meaning to his life, and I intend not merely to fill him with fear but to drown him in it." THOUGH OTHERS MIGHT see magic in the world, Edom was enthralled only by mechanism: the great destructive machine of nature grinding everything to dust. Yet wonder suddenly bloomed in him at the sight of the ace bearing his nephew's name. Raising his revolver, Tom squeezed off two shots, but the gun didn't discharge. Nolly adored her laugh, so musical and girlish. He would have made all sorts of a fool out of himself, anytime, just to hear it. Getting out of the stuffy car into air much chillier than it had been when he'd left this place, Junior stood unsteadily as the police and the paramedics gathered around him. Then he led them through the wild grass to Naomi, moving haltingly, stumbling on small stones that the others navigated with ease. Prepared for any contingency, Junior listened to the house until he was certain that he needed the knife for no one else. This sight that might inspire celebration among sailors was denied to Barty, who rode in the backseat with Agnes. Neither could he see how the crimson sky studied its painted face in the mirror of the ocean, nor how a burning blush shimmered on the waves, nor how the veil of night slowly returned modesty to the heavens. At sunset, the boy stood in the backyard, gazing up through the branches of the giant oak as an orange sky darkened to coral, to red, to purple, to indigo. More likely than not, this was a lie, and the detective was, setting him up. Suddenly Junior wished that he had denied dreaming. Junior knew that he must remain vigilant. Vigilant and focused until January 12 had come and gone. Eight days to go. Slow deep breathing forgotten, gasping like a drowning swimmer, a sudden sweat dripping from his brow, Junior used one foot to prod the fallen man. Magically, a shiny quarter appeared in Thomas Vanadium's right hand. It turned end over end, knuckle to knuckle, disappeared between thumb and forefinger, and reappeared at the little finger, beginning its cross-hand journey once more. She hadn't sung since the early-morning hours of October 18, and no other paranormal event had occurred since then. The waiting between manifestations scraped at Junior's nerves worse than the manifestations themselves. room, heavier and colder than the ice bags that were draped across Junior's midsection. After all he'd suffered at Cain's hands, Tom Vanadium surprised himself by laughing at these colorful accounts of the wife killer's misadventures. Indeed, laughter had seemed disrespectful to the memories of Victoria Bressler and Naomi, and Vanadium had been torn between a desire to hear more and a feeling that finding any amusement value in a man like Cain would leave a stain on the soul that no amount of penance could scrub away. Gradually, she perceived that Lipscomb was more troubled than he should have been, considering that his patient had died through no fault of his own. For the first few bites of crab in a light cornmeal crust, Nolly suspended their conversation. Bliss. Junior didn't want an apology. The offer of a free lunch-or an entire week of lunches-didn't charm a smile from him. He had no interest in taking home a free apple pie. Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt. Into new avenues of the labyrinth he moved, but then back again, back upon his own trail, twisting, turning, from the occult to modern literature, from history to popular science, and here the occult once more, always the shadow glimpsed so fleetingly and so peripherally that it might have been imagination, the scent of a woman no sooner detected than lost again in the perfumes of aging paper and bindery glue, twisting, turning, until abruptly he stopped, breathing hard, halted by the realization that he hadn't heard the singing in some time. Agnes wasn't able to interpret his expression, not because he was in the least difficult to read, but because her perceptions were skewed by sudden fear and a flood of adrenaline. Her heart seemed to spin like a flywheel in her breast. Perhaps a lot of suspects were rattled and ultimately unnerved by this behavior. Junior wouldn't be easily trapped. He was smart. As early as this evening, here at her son's bedside, Agnes began dimly to sense that certain of these amusing conversations with Barty might not be as fanciful as they seemed, that he was expressing in a childlike way some truth that she had assumed was fantasy. In the morning, after Agnes showered and dressed, when she went downstairs, she discovered Barty already at the kitchen table, eating a bowl of cereal while riveted to the book. Finished with breakfast, he returned to his room, reading as he went. Last night, in the superintendent's basement apartment, as they shared a bottle of wine, Sparky had told Vanadium numerous weird tales about Cain: The Night He Shot Off His Toe, The Day He Was Saved from a Meditative Trance and Paralytic Bladder, The Day the Psychotic Girlfriend Brought a Vietnamese Potbellied Pig to His Apartment When He Was Out and Fed It Laxatives and Penned It in His Bedroom The poster announced an upcoming show, titled "This Momentous Day," by the young artist calling herself Celestina White. Dates for the exhibition were Friday, January 12, through Saturday, January 27. She fussed over him, took his temperature, and spooned two chips of ice into his parched mouth. Leaving, she gave Celestina a meaningful look and tapped her wristwatch. She realized she hadn't turned on the radio. Before she could reach for the switch, she was asleep. Into the autumn of 1967, Junior reviewed hundreds of thousands of phone listings, and occasionally he located a rare Bartholomew. In San Rafael or Marinwood. In Greenbrae or San Anselmo. Located and investigated and cleared them of any connection with Seraphim White's bastard baby. "I can't sleep half the time," Deed said, twisting the baseball cap in his hands. "I've lost weight, and I'm so nervous, jumpy." With great deliberation, Joey shifted gears and followed the drive way to the street, where he peered left and then right with the squint-eyed suspicion of a Marine commando scouting dangerous territory. He turned right. Junior and Naomi had taken their dried apricots from the same bag. Reached in the bag without looking. Shook them out into the palms of their hands. She could not have controlled which pieces of fruit he received and which she ate. While they waited for the room-service waiter to arrive, Tom got from Paul a detailed report of Enoch Cain's attack on the parsonage. He had heard most of it from friends in the state-police homicide division, which was assisting the Spruce Hills authorities. But Paul's account was more vivid. The ferocity of the assault convinced Tom that whatever the killer's twisted motives might be, Celestina and her mother-and

not least of all Angel-were in danger as long as Cain roamed free. Perhaps as long as he lived..But with the silencer attached, the pistol was useful only for close-up work. After passing through a sound-suppressor, the bullet would exit the muzzle at a lower than usual velocity, perhaps with an added wobble, and accuracy would drop drastically at a distance..He fiddled with the cylinder until it swung open. Five chambers, a gleaming cartridge in each..Maybe the bright side was that the musician hadn't either wet his pants or taken a dump while in his death throes. Sometimes, during a comparatively slow death like strangulation, the victim lost control of all bodily functions. He'd read it in a novel, something from the Book-of-the-Month Club and therefore both life-enriching and reliable. Probably not Eudora Welty. Maybe Norman Mailer. Anyway, the men's room didn't smell as fresh as a flower shop, but it didn't reek, either..At the grave, they arrived with red and white roses. Agnes carried the red, and Barty brought the white.."I really am sorry about this," Junior said, regretting the necessity to deny her the right to look good at her own funeral, "but it's got to appear to be a crime of passion."A quick review of these book spines revealed that the treasured Zedd collection wasn't here..Here, now, the dinner guest, entering the kitchen. He carried the wineglass and the rose in his left hand. The Merlot was tucked under his arm. In his right hand was a small, brightly wrapped gift box..Edom drove, happy to assist Agnes. He was happier still that he didn't have to make the pie deliveries alone.
