Just then Jerry Pernak came around a comer accompanied by his fianc?, Eve Verritty, and two more Chironians. A cart was following them with a few odds and ends inside. He gaped at Bernard and Jay in surprise, then grinned. "Hey! So Jay dragged you out to see the sights, eh? Hello, Jay. Started making friends already?" Introductions were exchanged with smiles and handshakes. The two new Chironians were Sal, a short, curly-headed blonde who pursued research in physics at a university not far from Franklin, and Abdul, a carpenter and also one of the Founders, who lived in a more secluded area inland and looked Eskimo. Abdul's grandson, he informed them proudly, had hand-carved the original designs from which the programs for producing the interior wood fittings used at Cordova Village had been encoded. He was delighted when Bemard praised their quality and promised to tell his grandson what the Terran had said..still attract men if you've got great boobs. That's been my observation, anyway. Men can be lovely. The killers had been even closer on his trail than he'd feared. What he sensed, stepping into that upstairs. "Good grief, didn't you go to school?". Yuck. This was going to be worse than blood and mutilation. "Don't you want to come along?" Bernard asked Jean. "It would get you out and give you a break.". Murphy looked pleased. this. Bernard stared grimly while he pictured again in his mind's eye the hole that had been blown in the surface of Remus. "We've got. to stop it," he breathed. "We've got to get a message up there somehow. . . to Stern. . . telling him what he's up against. Thousands of people are still up there." this early-evening visit wouldn't raise his suspicions..turn her back on this neighbor from the wrong side of Hell..Stern's face darkened, and his mouth twisted into an ugly grimace. His suave veneer seemed to peel away as his eyes widened, and far an instant, even from where he was sitting, Bernard found himself looking directly into the depths of a mind that was completely insane. He shivered involuntarily. Beside him Celia gripped his arm. "General," Stern ordered. "Launch the missile in sixty seconds." "What does that mean?" Driscoll asked, looking at the Chironian who had spoken..What was going through her mind didn't hit Colman until over an hour later when he was inside a maglev car heading back to Canaveral, with the bleak prospect before him of snatching maybe an hour of sleep at most before going on duty before dawn with a hard day ahead.."Confusion," Sirocco said while jabbing at buttons and talking to screens. "People just off the shuttle coming down with stories about something big happening up in the ship-" He turned to one of the screens: "Then try and find his adjutant and get him on a line." Lie finds only men's and women's shoes, and he's grateful that they don't..Kath gave a short laugh, "Of course not ... but they're deceptive, aren't they. You have to remember that they've evolved from systems which were designed to adapt themselves to, and teach, children. You project a lot of yourself into what you think they're saying." "You do?" Driscoll looked surprised..When he trailed off, she finished for him: "Then screw it."..intrusion..Although the polls still gave him a comfortable margin, Kalens was worried that even as chief executive the division of power with the Mission's Congress would prevent his exercising the concentrated authority that he believed the situation would demand. Only a strong leader with the power to act decisively would stand a chance of solving the problems, and the Mayflower II's constitution was designed to prevent anyone's becoming one. Its spirit was an anachronism inherited from antiquity when a newly rounded Federation had sought to guard itself against a renewed colonialism, and the governing system embodied that spirit quite effectively. That was the problem..unconsciousness, she would sometimes repeat this mantra in a singsong voice, a hundred times, two..was no one here to punch. It must have been horrible."..Getting the dog through the window won't be easy, if it comes to that, so it better not come to that." "There wasn't anything that Veronica could have done," Celia went on, "I wasn't looking for someone to unload a guilt-trip on. What I had to say was a lot bigger than that. The mind of the man who is now in control up there is as dangerous as it's possible to get..abnormally intelligent, in full command of all its faculties, and totally insane. Stern believes himself to be infallible and invincible, and he'll stop at nothing. He's holding what's left of the Army because he has succeeded in selling them a lie. And I was the only person who could expose that lie. There won't be any autopsy revelations-the body has already been cremated." Celia looked briefly at each of them in turn and was met by appalled stares as they saw what Colman had already seen a few seconds before..what he believes. Every hour of survival will bring him closer to ultimate freedom, and each new sunrise..Why don't we panic in the flood? And he would say, Because we're too busy swimming!..on.."What's that?" Her unexpected reaction caused the others to fall quiet and stare at her uncertainly. Then Jean said in a hesitant voice, "You don't seem very excited, Celia. Is there something wrong?"..first-aid kit from her dresser and returned to her mother's room..not paying for it--not a cent's worth of any of it." "They will," Rastus replied. "How?" Rastus looked mildly surprised. "They'll find a way," he said..The capsule arrived, and Jay fell silent while he digested what Pernak had said. As they climbed inside, Jay entered a code into the~ panel by the door to specify their destination in the Jersey module, and they sat down on an empty pair of facing seats as the capsule began to move. After a short run up to speed, it entered a tube to exit from Maryland and passed through one of the spherical intermodule housings that supported the Ring and contained the bearings and pivoting mechanisms for adjusting the module orientations to the ship's state of motion. For a brief period they were looking out through a transparent outer shell at the immensity of the Spindle, seemingly supported by a web of structural booms and tie-bars three miles above their heads, with the vastness of space extending away on either side, and then they entered the Kansas module where the scene outside changed to animal grazing enclosures, level upon level of agricultural traits, fish farms, and hydroponics tanks.."Well-of course." "You what?" Jean gasped, horrified..the bar dipped as though in sad commiseration. When the Dixie Chicks followed Brooks, the Stetsons..Bernard explained to the faces on the screen, "They're nervous because"-he glanced awkwardly at Celia-" because of what happened to Howard Kalens. Stern is playing on that."..Micky popped open a can of Budweiser. "They think the economy's going down the drain."..Jean forced a smile. "Just remember that," she said..barbecue anytime soon?"..they are here on Earth or cruising distant avenues of the universe." "Over two years ago. I was seven going on eight."
