The heavy hand would come down on his shoulder, he would be spun around against his will, and there before him would be those nailhead eyes, the port-wine stain, facial bones crushed by a bludgeon.....self-controlled as he would need to be in any interrogation conducted by this brush-cut, thick-necked toad.. "Did he say I'd met him?" Jacob asked, squinting past Edom toward the bright sunlight at the open door..He knew that he needed to get a grip on himself. But he could not keep his breathing slow and deep, couldn't remember any of Zedd's other foolproof methods of self-control, couldn't recall a single useful meditative technique..Drawing from a well of inspiration deeper than instinct, Junior knew that if ever he crossed paths with a man named Bartholomew, he must be prepared to deal with him as aggressively as he had dealt with Naomi. And without delay..As if a door had briefly opened between this windless day and another world, a single gust rattled rain against the windows..Junior descended the escalator two steps at a time, not content to let it carry him along at its own pace. When he reached the second floor, however, he found that Vanadium's ghost had done what ghosts do best: faded away. Abandoning his search for the perfect tie chain but determined to remain calm, Junior decided to have lunch at the St. Francis Hotel..At the open kitchen door,

arms laden with a stack of four bakery boxes, her mother said, "Will you get those last four pies for me there on the table? And don't jostle them, dear." Their struggle to put their sorrow into words moved Agnes not because they cared so deeply, but because in the end they were unable to express themselves adequately. Without the relief provided by expression, their anguish grew corrosive. Their lifelong introversion left them without the social skills to unburden themselves or to provide solace to others. Worse, their obsessions with death, in all its many means and mechanisms, had prepared them to expect Barty's cancer, which left them neither shocked nor capable of consolation, but merely resigned. Ultimately, in great frustration, each twin was reduced to fragmented sentences, crippled gestures, quiet tears-and Agnes became the only consoler..When Victoria failed to answer the door, this man would not simply go away. He had been invited. He was expected. Lights were on in the house. The lack of a response to his knock would be taken as a sign that something was amiss..Although he had made no effort to summon them, tears spilled from Junior's closed eyes. They weren't drawn from him by thoughts of poor Naomi. These next few days--perhaps weeks--were going to be tedious, until he could have Nurse Victoria Bressler. Under the circumstances, he had good reason to feel sorry for himself..And here, now, into the kitchen through a door with a porthole in the center. Into sizzle and clatter, into clouds of fried-onion fumes and the mouthwatering aromas of chicken fat and shoestring potatoes turning golden in deep wells of boiling cooking oil..Although she had slept well and though her hemorrhaging had been successfully arrested, Agnes was too weak to manage breakfast alone. A simple spoon was as heavy and as unwieldy as a shovel..Cain's Spruce Hills home, which he'd shared with Naomi, hadn't been furnished anything like this. The difference between there and here--and the similarity to Vanadium's digs--could be explained neither by wealth alone nor by a change of taste arising from the experience of city life..Her brothers' solemnity irritated Agnes. They appeared to be taking this reading seriously, as though it were far more than just a little after-dinner entertainment..In spite of the gloom, the boy's miraculous accomplishment was evident: his clothes and hair were dry as though he'd worn a coat and hood.."He's blind, sure, but he's also a boy," Angel said, "and trees are something that boys gotta do."..Hound told his master that they had the hexer in a safe place, and Losen said, "Who was he working for?". A supply of ammunition lined the bottom of all the dresser and bureau drawers, concealed by underwear and other garments. Junior appropriated a box of 9-mm. cartridges..Agnes was not fully aware of how she was lifted from the car, but she remembered looking back and seeing Joey's body huddled in the tangled shadows of the wreckage, remembered reaching toward him, desperate for the anchorage that he had always given her, and then she was on the gurney and moving..When he returned to the kitchen to add ice and sherry to his glass,he looked up White, Celestina in the San Francisco phone directory. Her number was listed; her address was not..As Barty ascended higher, Agnes's fear became purer, but at the same time, she was filled with a wonderful, irrational exhilaration. That this could be accomplished, that the darkness could be overcome, struck music from the harpstrings of the soul. From time to time, the boy paused, perhaps to rest or to mull over the three-dimensional map in his incredible mind, and every time that he started upward again, he put his hands in exactly the right place, whereupon Agnes would speak a silent inner yes! Her heart was with Barty high in the tree, her heart in his, as he had been with her, safe inside her womb, on the rainy twilight that she had ridden the spinning, tumbling car to widowhood.."A friend's daughter. They say she died in a traffic accident down in San Francisco. She was even younger than Naomi.".. "It's just that you never know what anyone's hand has been up to recently," Jacob explained. "That respectable banker down the street might have thirty dismembered women buried in his backyard. The nice church-going lady next door might be sleeping in the same bed with the rotting corpse of a lover who tried to jilt her, and for a hobby she makes jewelry from the finger bones of preschool children she's tortured and murdered."..Junior was paying his dinner check and calculating the tip when the pianist launched into "Someone to Watch over Me." Although he'd expected it all evening, he twitched when he recognized the tune..Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt.."Indeed, you did," said Magusson. "And I dismissed him as a well intentioned crusader, a holy fool. Looks like you had a better take on him than I did, Mr. Cain."..faiths and inhibiting rules that confused humanity, when he was sufficiently enlightened to believe only in himself, he would be able to trust his instincts, for they would be free of society's toxic views, and he would be assured of success and happiness if always he followed these gut feelings..Jacob didn't know how he could ever bear to look at Agnes when she came home from the hospital. The sorrow in her eyes would kill him as surely as a knife to the heart..He raised one hand to halt the genteel debate. "The whole reason I stopped here first, before taking you folks on to my place, is so I wouldn't have to bring your suitcases back after Agnes won you over. This is where you'll be happiest, though you're always welcome if she tries to work you to death."..Junior, putting himself in the detective's place, could think of a few reasons for this visit to Seraphim's grave. Unfortunately, not one of them supported his contention that he was an innocent man.."You can learn em."..His precious wife had fallen from the tower and died only hours before this girl was born. This girl ... this vessel..On the lawn, Koko, their four-year-old golden retriever, was lying on her back, all paws in the air, presenting the great gift of her furry belly for the rubbing pleasure of young Mistress Mary..Sitting at the desk, Celestina phoned her parents again. She shook uncontrollably, but her voice was steady..Month by month during Barty's first year, Agnes's belief in his exceptional intelligence was only confirmed by his development. By the end of the second month of life, most babies will smile in response to a smile, and they are able to smile spontaneously in the fourth month. Barty was smiling frequently in his second week. In the third month, many babies laugh out loud, but Barty's first laugh came in his sixth week..He'd never taken too much from any one game. He was a discreet thief, charming his victims with amusing patter. Because he was so ingratiating and seemed only mildly lucky, no one begrudged him his winnings. Soon, he was more flush than he'd ever been as a magician..on both sides of the property, the neighbors can't see, but some know, have always known, and have less interest.surreptitiously with Junior. He was accustomed to being an object of desire. This night, however, the only lady he cared about was San Francisco herself, and he wanted to be alone with her..The ship of night floated over the city and cast down nets of darkness, gathering millions of lights like luminous fishes in its black toils..The sight of her sister's blood and the persistence of the flow made Celestina weak with apprehension. She was afraid she had done the wrong thing by delaying hospitalization.."But you don't understand." She recounted the extraordinary draw of aces during the fortune-telling session Friday evening..In agreement, Maria pushed the stack of unused cards aside, and she peered at her hands as if she wanted to scrub them for a long time under hot water..The second time, armed with the previously calculated fact that each regular year contains 3,153,600 seconds, and that a leap year contains an additional 86,400, she vetted Barty's answer in only four minutes. Thereafter, she accepted his numbers without verification..After two years of rehabilitation, Tom had been pronounced as fit as ever, a miracle of modern medicine and willpower. But right now he seemed to have been put back together with spit and string and

Scotch tape. Arms pumping, legs stretching, he felt every one of those eight months of coma in his withered-and-rebuilt muscles, in his calcium depleted-and-rebuilt bones. Besides, he wasn't on the Greenbaum Gallery customer list and didn't have an invitation. Her hands were locked together in her lap, gripped so tightly for so long that the muscles in her forearms ached. "What's wrong?". Drawn one after the other, two knaves of spades didn't signify two deadly enemies, but meant that the enemy already predicted by the first would be unusually powerful, exceptionally dangerous. Soundlessly, reluctantly, Agnes pulled the bedroom door nearly shut, and went down to the kitchen, where she sat alone, drinking coffee and nibbling at mysteries. Of all the gifts that Barty opened on Christmas morning, the hardback copy of Robert Heinlein's *The Star Beast* was his favorite. Instantly enchanted by the promise of an amusing alien creature, space travel, an exotic future, and lots of adventure, he seized every opportunity throughout the busy day to crack open those pages and to step out of Bright Beach into stranger places. So that my mind could move about among the years and centuries without getting things all out of order, and to keep contradictions and discrepancies at a minimum while I was writing these stories, I became (somewhat) more systematic and methodical, and put my knowledge of the peoples and their history together into "A Description of Earthsea." Its function is like that of the first big map I drew of all the Archipelago and the Reaches, when I began to work on *A Wizard of Earthsea* over thirty years ago: I needed to know where things are, and how to get from here to there-in time as well as in space. Over potato soup and an asparagus salad, the dinner conversation got off to a promising start: a discussion of favorite potato dishes, observations on the weather, talk of Mexico at Christmas. "Quick, very quick," he warned, helping Grace through the fire framed window and onto the roof of the porch. Maria's face gathered into a frown, like a piece of brown cloth cinched by a series of whipstitches. "Six lessons." Although Thomas Vanadium was unconscious, perhaps even dead, and though both nailhead-gray eyes were closed, Junior knew those eyes were watching him, watching through the lids. He pressed his right ear to the door, held his breath, heard nothing, and addressed the top lock first. Quietly, he slid the thin pick of the lock-release gun into the key channel, under the pin tumblers. Neddy, dressed for work but overdressed for his own funeral, slumped against the wall, head bowed, chin on his chest. His pale hands were splayed at his sides, as though he were trying to strike chords from the floor tiles. Edom and Jacob arrived, dinner was served, and while the food was wonderful, the conversation was better-even though the twins occasionally shared their vast knowledge of train wrecks and deadly volcanic eruptions. Paul didn't contribute much to the talk, because he preferred to bask in it. If he hadn't known any of these people, if he had walked into the room while they were in the middle of dinner, he would have thought they were family, because the warmth and the intimacy-and in the twins' case, the eccentricity-of the conversation were not what he expected of such newly made friends. There was no pretense, no falsity, and no avoidance of any awkward subject, which meant there were sometimes tears, because the death of Reverend White was such a fresh wound in the hearts of those who loved him. But in the healing ways of women that remained mysterious to Paul even as he watched them do. "Well," Agnes said, "thank the Lord, we don't have tornadoes here in California." "Worlds," ventured Jacob, "in which that oil-tank truck never stopped on the railroad tracks in Bakersfield, back in '60. So the train never crashed into it and those seventeen people never died." By Sunday evening, a combination of factors-deep commitment to the philosophy of Zedd, explosive testosterone levels, boredom, self-pity, and a desire to be a risk-taking man of action once more-motivated Junior to splash a little Hai Karate behind each ear and go courting. Shortly after sunset, with a single red rose and a bottle of Merlot, he set off for Victoria Bressler's place. Off with the cap. Yellow capsules in the bottle, also blue. He managed to shake one of each color into the palm of his left hand without spilling the rest on the floor. "Do you want me to call and confirm how Vanadium was harassing you up here?" asked Magusson. "Yes," she assured him, though her gaze had dropped from his mouth to his hand, so small, which she held in hers. Wally and Celestina went to dinner at the Armenian restaurant from which he'd gotten takeout on the day in '65 that he rescued her and Angel from Neddy Gnathic. Red tablecloths, white dishes, dark wood paneling, a cluster of candles in red glasses on each table, air redolent of garlic and roasted peppers and cubeb and sizzling soujouk-plus a personable staff, largely of the owners' family-created an atmosphere as right for celebration as for intimate conversation, and Celestina expected to enjoy both, because this promised to be a most momentous day in more ways than one. "Would you pretend to wake up if I tried to smother you?" asked Detective Vanadium. Once, he had been a superb driver. For the past decade, his performance behind the wheel depended on his mood. She must have sensed his assessment of her and realized that she had little chance of charming him, for she turned at once away and never looked in his direction again. AFTER UNDERGOING TESTS for brain tumors or lesions, to ascertain whether his seizure of violent emesis might, in fact, have a physical cause, Junior was returned to his hospital room shortly before noon. Agnes drew him into her arms and lifted him off the desk and embraced him tightly, with his head on her shoulder and his face nestled against her neck, as she'd held him when he was a baby. Devil mountains, sacred islands, sacramental rivers and cities, Jesuits: These spiritual references at every turn made Junior uneasy. This was a haunted night, no doubt about that. He wouldn't have been greatly surprised if he had glanced at his rearview mirror and seen Thomas Vanadium's blue Studebaker Lark Regal closely tailing him, not the real car raised from Quarry Lake, but a ghostly version, with the filthy-scabby-monkey spirit of the cop at the wheel, an ectoplasmic Naomi at his side, Victoria Bressler and Ichabod and Bartholomew Prosser and Neddy Gnathic in the backseat: the Studebaker packed full of spirits like a bozo-stuffed clown car in a circus, though there would be nothing funny about these revenge-minded spooks when the doors flew open and they came tumbling out. Her special son, walking where the rain wasn't, had made all things seem possible. Missing windshield. Considering that the space was pinched by the crumpled roof, however, and in light of Agnes's pregnancy and imminent second-stage labor, the severe contortions involved in this extraction would be too dangerous. "This meeting of the North Pole Society of Not Evil Adventurers is officially closed." An outrageously sexy redhead hit on him as he selected from an array of bomb-shaped canapes on a tray held by a waiter dressed as a ragged and soot-smeared blast survivor. Myrtle, the redhead, preferred to be called Scamp, which Junior entirely understood. She wore a DayGlo green miniskirt, a spray-on white sweater, and a green beret. On the morning of November third, Barty asked Maria to inquire of Agnes what she would like to have read to her. "Then when she answers you, just turn and leave the room. I'll take it from there." Vanadium was surely unaware of any connection between Junior and Seraphim White. And now the girl could never talk. "There must be something important I'm supposed to do here that I don't need to do everywhere I am, something I'll do better if I'm blind." He'd been a godsend to Celestina, because his love of children and a new sense of fun that he'd discovered in himself were showered on Angel. He was Uncle Wally. Waddling Wally, Wobbly Wally, Wally Walrus, Wally Werewolf. Wally Wit Duh Funny Accents. Wiggle Eared Wally. Whistling Wally. Wrangler Wally. He was Good Golly Wally the Friend of All

Polliwogs. Angel adored him, adored him, and he could have loved her no more if she had been one of the sons that he had lost. Overwhelmed by her classes, her waitressing job, her painting, Celestina could always count on Wally to step in to share the child rearing. He wasn't merely Angel's honorary uncle, but her father in all senses except the legal and biological; he wasn't just her doctor, but a guardian angel who fretted over her mildest fever and worried about all the ways the world could wound a child..He had been surprised to learn her age. She didn't appear to be that old. Thirty or not, Victoria was unusually attractive..Shifting the Suburban out of park, Wally said, "I didn't know Baptists indulged in wagering."Obadiah tossed the pack of cards to Edom, startling him. "Son, you'll have to help me. My fingers have no finesse anymore.".could spring the new deadbolts as easily as the old. Therefore, on the interior of the front and back doors, Junior added sliding bolts, which couldn't be picked from outside..Her hands shook as she counted out the fare and the tip from her wallet. "I'm scared sick. Maybe you should just take me right back home."..Instinctively, he knew he should not give massages to Negroes. He sensed that somehow he would be physically or morally polluted by this contact..With a shiver, Kathleen said, "We'd like to know more about why we did the things we did for you. Why the quarters? Why the song?"..Zedd taught in this world where dishonesty is the currency of social acceptance and financial success, you must practice some deceit to get along in life, but you must never lie to yourself, or you are left with no one to trust.."Can't change your own form, even seemingly?"..In a way, he does," Vanadium said. "When you're as hollow as Enoch Cain, the emptiness aches. He's desperate to fill it, but he doesn't have the patience or the commitment to fill it with anything worthwhile. Love, charity, faith, wisdom-those virtues and others are hard won, with commitment and patience, and we acquire them one spoonful at a time. Cain wants to be filled quickly. He wants the emptiness inside poured full, in quick great gushes, and right now. ".Being uniquely sensitive, he had mourned Naomi with his entire body, with violent emesis and pharyngeal bleeding and incontinence. His grief had been so racking that it might have killed him. Enough was enough..Barty, didn't watch much television. He'd been up late enough to see Red Skelton only a few times, but that comedian always drew gales of laughter from him..She worried that her anxiety would prove contagious, that when her fear infected her boy, he would be less able to fight whatever hateful thing had taken seed in his right eye..able to reconcile these opposed forces, she was all but paralyzed by indecision..because the car was either struck again by the pickup or hit by other traffic or perhaps it collided with a parked vehicle, but whatever the cause, the breath was knocked out of her, and her screams became ragged gasps..From childhood, Celestina was encouraged to be confident that life had meaning, and when she'd needed to share that belief with Dr. Lipscomb as he struggled to come to terms with his experience in the operating room, she'd done so without hesitation. Strangely, however, she herself was having difficulty absorbing these two small miracles.
